## **INCREASE YOUR COMMISSIONS...**

### **Become a partner with Cooperative Communications**

**C**ooperative Communications is broadening our product suite to offer Sales Agents the opportunity of providing their customers a "Total Voice, Data, & Internet Solution". As a full service communications company, Cooperative has built its business on quality, reliability, trust and superior products. Over the past decade, Cooperative's business has grown as a direct result of the long-term relationships that have been formed with Agents, Resellers and other Partners.

At Cooperative, we understand what it takes to be an independent sales agent and how important your customers are to you. That's why we have implemented service and support systems that provide you with the tools you need to run your business. When you become a part of the Cooperative Agent program, you are joining a company that has a full suite of communication products, competitive rates, a dedicated program manager, a generous commission plan, and a service and support team available to you and your customers.

Cooperative's agent program is built upon **ACTION**
